BIOGRAPHY

Mauro Fadel Swiss born in 1963 in San Gallo (CH) Swiss, lives and works in Oderzo (TV) Italy. In 1992, he graduated in architecture from the Milan Polytechnic, specializing with a Masters in Industrial Design from the IED (European Institute of Design). He opens his studio dealing with architecture, industrial design, graphics and furniture. His projects are full of meaning and combine with extreme attention to the search for new materials and the most innovative solutions from the design and ergonomics of the forms with creative originality. Designing and creating innovative solutions from simple and original ideas conceived for spaces with a young, modern and exclusive design. He collaborates with well-known and important furniture companies, designs furniture, contract and outdoor items. He has received important awards and special mentions by participating in numerous national and international design competitions; creativity, flexibility, and experience are the concept and philosophy behind his work that has always distinguished him with great professionalism. The concept and philosophy of the word design for him is synonymous with imagination, emotion and creativity.

ADI Design NDEX, BOX 40, GOOD Design AWARDS, MILAN Design WEEK, TOP TEN, YOUNG & DESIGN.

SUSHI e MATRIX di La Cividina arreda "THE BOW" Palace Calgary, Canada.

A collection of sofas and armchairs designed by the architect Mauro Fadel, they have been selected to furnish the common area, the "Penthouse Open Space" of the 236 metre high tower, the building which dominates the Canadian city of Calgary, Canada. <https://lacividina.com/designer/mauro-fadel/> www.lacividina.com
